

Round backlit [white agate dining table](#), made of natural semi-precious stone material white agate stone, decorated with gold leaf. This exquisite dining table is presented in an elegant round shape that perfectly combines art and practicality. One of its most striking features is its excellent light transmission, as if to inject a mysterious glow into the dining space.

The white agate stone gives the dining table a unique texture, the delicate texture and natural colors outline a picture like art. When the light passes through the white agate, the table becomes dreamlike, adding an intoxicating atmosphere to the dining experience.

Whether it is used for villa, apartment or high-end club furniture, the backlit white agate dining table will become the focus of the space, injecting a unique artistic atmosphere for each meal. The chic circular design provides people with a dining experience closer to nature, making every moment a unique time.
