

Backlit Agate Stone Wash Basin

Backlit agate stone wash basin is a popular semi-precious stone wash basin, it has a natural semi-precious stone grain, more prominent in the backlight. Blue agate wash basin and grey agate wash basin are popular. It's a visual feast in a dark space. In addition to agate, we often use rose quartz, clear quartz and fluorite to make **backlit countertop** washbasins. Each material has its own unique texture and color, which can perfectly match the space of various shades.
