

This backlit [blue agate](#) vanity top with sink, crafted by [SHENGYAO GEMSTONE](#), is made of natural semi-precious stones and is hand-stitched and polished to achieve a perfect fusion of artistic beauty and practical functions. The unique color changes and natural textures of blue agate show a dreamy and transparent effect under the light, just like the tranquility and purity of a blue lake.

Each agate vanity top is a unique work of art, which not only enhances the sense of luxury of the space, but also shows the owner's extraordinary aesthetics and style. Whether it is used in high-end villas, luxury hotel bathrooms, customized clubs, or private art spaces, it can become an eye-catching focus and enhance the overall space value.
