

The backlit white crystal/quartz wash basin is a popular [semi-precious stone wash basin](#), made of natural white crystal. Taking advantage of the good light transmittance of white crystal, a backlight design is made to give the [white crystal/quartz washbasin](#) a light-transmitting effect.

The entire design can perfectly display the purity and transparency of white crystal/quartz, just like the first ray of sunshine in the morning, illuminating your day. The backlight design gives the sink a soft light that shines like a starry sky, bringing you a relaxing and pleasant hand-washing experience.

Every detail of the white crystal sink reflects the spirit of craftsmanship and exquisite skills. Made of high-quality white crystal/quartz material, it is precision processed and polished to give it a crystal clear texture. Not only beautiful, but also durable, bringing long-lasting enjoyment to your life.

The backlit white crystal/quartz wash basin is not only a functional home, but also a perfect integration of art and life. It will give your space a unique atmosphere and charm, making every wash a wonderful experience. Choose a backlit white crystal sink to make your life more refined and elegant.
