

Tiger Eye Stone Gemstone Wash Basin

The [tiger Eye stone](#) wash basin is a gemstone wash basin. The natural tiger's eye stone is made by hand. The surface is polished with high intensity polishing technology, smooth and delicate, and perfectly displays the texture of the gemstone. Tiger's eye stone washbasins are widely used in kitchens and bathrooms, and are most common in high-end clubs, villas, and hotel decoration. We can customize the size and shape of the jewel basin according to your needs, which is more flexible to meet your project needs.
