

## Green Zebra Jasper Dingjiangshan [Console Table](#)

The design of this “fixed rivers and mountains” is inspired by the art of form abandoning complexity and redundancy, elegant lines contain exquisite inner enough to make the base of the entrance a self-contained, presenting a refreshing, but also the beauty of fashion and use. The production process is based on solid wood groove as the main body, electroplated metal as embellishment, vibration of visual tension, reflecting the unique aesthetic style.

The design inspiration comes from the form art, the lines are simple and smooth, and the Oriental aesthetic heritage is integrated. Innovative material selection, unique gemstone materials for countertops and mountain creations, both aesthetic and energy characteristics, showing the charm of traditional and modern interweaving.
